

# MILENE TOAZZA

Front-end Web Developer

## PROFILE

Hello. My name is Milene Toazza, I'm 24 years old and I'm a front-end web developer. So, last year I graduated in publicity school at Porto Alegre. But surprisingly I found myself in the development, and now I'm studying and working with front-end web development. I love coffee and design. My favorite hobbies are read fantasy books, watch anime and play games.

## EDUCATION

2018 - 2019

I have studying on the Udemy, on courses about Modern Web, Advanced CSS, JavaScript, Git and others.

2013-2017

Graduated in Social Communication - Publicity  
UniRitter - Porto Alegre RS BR

## EXPERIENCE

2019

I'm working as front-end developer of ecommerces in a company called Vnda. In this place the focus is the UX/UI of the stores using mainly CSS and JavaScript techniques.

2018

Worked with development and maintenance of automotive sites at a marketing digital agency - Reweb.

2013-2017

In this time I worked as Art Director at two companies and a communication agency with: visual identity, web design and marketing digital.
