

MILENE TOAZZA

Front-end Developer

PROFILE

Hello! I'm a front-end developer and I've been working with development for about a year now. During my experiences, I worked with the maintenance of automotive sites and more recently with the development of ecommerces. Before that, I worked with art direction for five years.

SKILLS

HTML

Bootstrap

CSS

Sass

JavaScript

jQuery

Git

GitHub

Gulp

Webpack

EDUCATION

2018 - 2019

I'm studying various technologies on Udemy, some of them: Advanced CSS, ECMAScript 6, React and others.

2013-2017

School of Advertising and Marketing
UniRitter - Porto Alegre

EXPERIENCE

2019

Today, i'm working as front-end of ecommerces at Vnda. In this company, user experience and user interface are very important.

2018

Worked with development and maintenance of automotive sites at a marketing digital agency - Reweb.

2013-2017

In this time I worked as art director exercising activities related to: visual identity, web design and marketing digital.
